On Thursday, May 12, 2005 the Gateway COOP Working Group conducted a meeting at L. Douglas Abram Federal Building, 1520 Market Street, room 2714. The meeting started at 1:00 and ended just before 3:00 pm. In attendance were approximately 25 representatives from various federal agencies in and around the St. Louis Metro area. Sign-in sheets were distributed and recovered.

The intent of this meeting was to discuss any issues or lessons learned from the COOP Managers Course. The COOP Managers Course was held at this same site, starting on May 10th. No real issues were discussed regarding the course. In addition the group discussed the next six months training subjects and resources. A Planning and Exercise committee was formed with Keith Vogt (VA Medical Center) as the chair for that committee. A lengthy discussion on an exercise proposal took place. The committee will brief the GCWG in June. Also the Training committee met and discussed future meetings and training subjects.
